St. Clair Gallery Announces

Local Artist Lindsay Duff To Exhibit

El Cajon, CA - January - February, 2010 -

The visionary art of Lindsay Duff will exhibit five of her most recent works in the 16th El Cajon Invitational Art Exhibit at the St Clair Gallery. The exhibit will open on January 11, 2010 and run through February 19th. An artists' reception attended by up to 300 guests will be held on January 31st at the gallery. Both the exhibit and reception are free and open to the public.

The artists' work immerses one into mysterious dream worlds accompanied by playful rhythms of vibrant color and form.

"I listen to my inner guidance, anytime I am being creative I am going with the highest vibration! In other words I am taking the path of least resistance to reach my ultimate goal. Which is to be happy, love deeply, live life passionately, and to always look for the beauty in everything I lay my eyes upon!

I live my life to expand my consciousness, and to create new realities. And you will always see this connection in my art! My Art is full of symbolism and is a reflection of my experience of the current level of our consciousness! And this is how I share my special magic with my Communities and the world!"

The St. Clair Gallery begins its third year of operation with the 16th Invitational Exhibit which features Lindsay Duff as a contributing artist. Mrs Duff will join approximately thirty other artists in presenting the exhibit which will include more than 220 works in all fine art categories, including sculpture. The Gallery prides itself on exhibiting some of the strongest artists in San Diego County.
